Phone: 0194-4501950, Email: admlnk@jkmedicalcouncil.in, Website: www.jkmedicalcouncil.in

Public Notice

It is for the information of all that the J&K Medical Council (JKMC) is guided by the regulations and public notices issued by the National Medical Commission (NMC) which advocate standard CRMI duration of a period of 12 months. However, the FMGs are required to undergo either one/two years of clerkship, followed by the mandatory one-year internship in case of demonstrated deficiency in their physical clinical training due to online classes during the pandemic or other geopolitical reasons.

In this regard, attention is invited to the NMC Public Notice dated December 7, 2023 read with clarification notification dated 19-06-2024 and 07-08 2025 which was issued to check the misuse of compensation provisions. Given that online learning lacks the crucial component of in-person clinical training, which is an essential part of medical competency, the NMC has mandated these measures to compensate for the equal duration of the course studied via online mode. The goal is not punitive but corrective to ensure that all FMGs attain a level of practical and clinical knowledge at par with the standards expected in India.

Therefore, through the medium of this public notice, FMGs are advised to submit a formal representation along with following documentation for any claims on the duration of CRMI:

1. Official Certificate from the Parent University: This document must explicitly confirm that the entire curriculum of your medical qualification has been completed in offline mode and also the period of your online study has been completed through physical, onsite training and clinical rotation.
2. Detailed Logbook/Records: Comprehensive clinical training logbooks, countersigned by the relevant administrative authorities and mentors at the Parent University, detailing the specific departments, procedures observed/performed, and duration, as evidence of adequate clinical exposure.
3. Proof of Attendance: Records substantiating physical attendance during the claimed period/extended period of study and internship in China.
4. Passport with Visa stamps of extended period of offline compensation.

Upon submission and successful verification of the aforementioned documents by the competent authorities (including potential validation from the NMC), the JKMC will process your applications in line with prevailing regulations and judicial precedents. The J&K Medical Council is committed to applying the rules consistently and upholding fairness as per the prevailing NMC guidelines.

The requisite reply should reach J&K Medical Council offices by 14-11-2025 up to 5:00 PM
